PRESS RELEASE

ERBUD builds a CHP plant for Azoty Holding for PLN 58.75 million

Erbud signed a contract valued at PLN 58,75m for building and engineering works, including plant and equipment, under the project "New heat and power plant in the Azoty Group - Zakłady Azotowe Kędzierzyn SA". The contract completion date is October 2016. Grupa Azoty Zakłady Azotowe Kędzierzyn SA is the builder and Rafako SA is the customer. ERBUD SA is nominated subcontractor approved by the builder.

The contract provides that among others Erbud will execute construction and finishing works (with the exception of building systems) of the main building, control house, oil pump house and cooling tower. Moreover, the company is responsible for the comprehensive design and installation of the coal handling plant on a turnkey basis (incl. design, construction, technique and systems), as well as installation of the condensing-extraction turbine generator.
