The artist dedicated the exhibition to Tymoteusz Karpowicz, poet and playwright, strongly associated with the artistic tradition of Wrocław.

The "Gravity. For Tymoteusz Karpowicz" exhibition has been opened for the first time to the public in the Awangarda Gallery. The artist is interested in attraction forces, by which an individual - man, poet, sculptor is influenced.

*“Bednarski explores the symbolic gravity of Matter, its forms, signs and archetypal figures. It is also the exhibition about the gravity force with which the Bednarski’s creative output has an effect on cinema, theatre, literature and, above all, on poetry”* - explains Mrs Patrycja Sikora, curator of the exhibition.
